Correspondence

Charles Brind Jr., Director of the State Education Dept., wrote to R. O. Winans, Superintendent in letter dated October 28, 1933 and inquired about combining the group of transportation cases into one route. He questioned the decision of Halfmoon District #3 - what is the decision and what should be done with it?

Mr. Winans replied November 8, 1933, - "I have interviewed the trustee of the district and Mr. Chase. Conditions have reverted to their original status relative to transportation and apparently will remain that way, i.e. there are times at least one week in every four, when Mr. Chase cannot get his boy to school. When this other boy is absent from school, the Bladen boy has, already in one instance, had to walk the full distance. Since present arrangements are uncertain and unsatisfactory, it is recommended that the appeal be granted. If granted, it is recommended that the amount to be spent be limited to \$160.00 for providing transportation for the academic pupils of the district (three now, all attending Cohoes)."

November 10, 1933, Mr. Winans received a letter from Charles A. Brind, Jr., stating he was enclosing the original and two copies of the decision of the Commissioner of Education re. District #3 of the Town of Halfmoon. The original is to be served upon the trustee who should be directed to file same with the district clerk. One copy for the trustee's own use and remaining one for your own files. May we have affidavit showing service as above indicated? You should advise the trustee that the cost of transportation in this case should not exceed \$160.00.

Copy of Appeal #2648 is attached, allowing tax to be raised for the transportation of the pupils involved.

HALFMOON SCHOOL DISTRICT #3

Correspondence

Mr. Winans wrote a letter to School District #3, October 5, 1934, stating: "This is to certify that Oscar Vandenberg is sole trustee of Common School District No. 3, Town of Halfmoon, Saratoga County, N.Y., Mr. Vandenberg wishes to borrow money for paying the current expenses of the district. This he is permitted to do without a vote of the district pursuant to Section 275, subdivision 21 of the Education Law. Said borrowing is on credit of the district in anticipation of the moneys to be apportioned said district by the State during the current fiscal year. Such money so apportioned amounts to \$1,259.03 of which about \$1,165.37 will be available in cash, about \$526.85 will be available in February or March and \$629.52 in April or May, 1935.

Mr. John Dempsey filed an application for Transportation Quota for School Year Ending June 30, 1936, in the amount of \$325.00. A copy of this is attached. See Page 3A.

Mrs. Ilah Coons, Clerk for District #3, Halfmoon, received a letter dated December 11, 1941, from R. O. Winans, Dist. Supt., stating: "Pursuant to law I inclose herewith Mr. Charles Hill's refusal to serve with my approval indorsed thereon. Kindly file this with your records. The vacancy in the office of trustee in your district continues and exists as of No. 21, 1941. You have until Dec. 21 within which to call another special meeting for the purpose of electing a trustee. If you call a meeting as before, and cannot elect a trustee or if you fail to call a meeting and a vacancy still exists on Dec. 22, I will take and consider the matter of appointing a trustee.

Attached are copies of papers regarding a request for and voting action at a special meeting for adequate instruction for pupils in Grades 7 and 8. Two of the copies are printed, the third written in pencil with no signature. See pages

On November 13, 1942, Maurice G. Osborne, Chief, Bureau of Field Services of the State Education Department in Albany, N.Y., wrote to Rodney O. Winans, District Supt. of Schools, stating, "I have been wondering whether District #3, Halfmoon has decided to transport its seventh and eighth grade children to Waterford, or if it is maintaining the full eight grades in the home school. You will recall that this is the district which Dr. Lehr visited sometime ago."

Mr. Winans wrote to Mr. Osborne, November 16, 1942, as follows:

Re:-Your of the 13th and #3 Halfmoon.

As I explained orally to Mr. Lehr one day in passing either in the Education Building or at the New York Meeting, the interested parties I called on advised that they did not care to make a legal appeal. They felt that it would mean that they would have to fight it out every year whereas if they try to get the voters voluntarily to approve contracting at the annual meeting next May, they would be more apt to have the district accept it thereafter as a matter of accepted district procedure.

I told Mr. Brind the outcome and I think he felt that the interested parties had taken the wisest course.

The following letter was addressed to Neil Hassen, President of the Board of Education at Shenendehowa Central School:

R.D.#1
Roxford, N.Y.

Mr. Neil Hassen.
Round Lake, N.Y.

Dear Sir:

The Women's Auxiliary of the West Crescent Fire Company have had permission to use the school building of District No. 3, which Mr. Chas. Chase is Trustee, for socials for the children every other Saturday Evening and the proceeds go to the Auxiliary after all expenses are taken out.

Mr. Chase has sent in a notice at the Meeting of May 18th that after June 30th of 1950, that he will cease to have authority and cannot give permission to use the school house.

Mrs. Williamson of the standing Committee for the Socials would like to know if they can have the use of School District No. 3-Town of Halfmoon, Saratoga County building after June 30th, 1950?

Sincerely yours,

Mrs. John Gusk
Secretary of the W.K. Mansfield Hose Co.
West Crescent
Women's Auxiliary

September 15, 1942

To the Commissioner of Education (G. D. Stoddard)
State of New York

Take notice, that we, the undersigned residents and parents of children residing in Common School District No. 3, in the Town of Halfmoon, County of Saratoga and State of New York, Heroby Appeal from the action of the Special District meeting held in said district on the 8th day of September, 1942, in refusing to "authorize the Trustee to contract with the Waterford Public Schools for the instruction of pupils Grades 7 and 8; provide transportation for such pupils; appropriate four hundred and eighty dollars and eighty cents (\$480.80), for tuition and transportation of such pupils and authorize raising said amount by tax," and state the following, among others, as the grounds upon which our said appeal is based, to wit:

There appear to be about 44 children entitled to attend school in said district.

To the best of our knowledge and belief there will be pupils in each of the eight elementary grades, some 14 of whom will be in Grades 7 and 8; based on June 1942 report, there will be some 8 or more children in some four groups in Grades 1 and 2 who attended school last year, besides those who may attend school for the first time this year.

The District has little if any equipment for such grades; under the conditions, it is our opinion and belief that in view of the number of different groups to be instructed and the number of pupils involved, it will be impossible for the district to properly and efficiently operate the school and maintain adequate educational standards.

The appellants feel that contracting for pupils of Grades 7 and 8 would result in providing more adequate instruction of standards for all pupils concerned and same could be done for a reasonable sum.

Wherefore the appellants pray that the Commissioner of Education grant a hearing.

All of which is Respectfully submitted,

Dated, Town of Halfmoon, N.Y.
No signature.

Correspondence

In addition, the parties I spoke to felt that it was getting too late to change the children to another school. Two parents had already sent 8th grade pupils elsewhere."

Mr. Winans received a letter from Robert C. Killough, Sr. Attorney, Division of Law, Albany, N.Y., dated October 1, 1943, in which he states "Mrs. Johanna Jesmain, R.F.D.1, Waterford, N.Y., residing in school district No. 3 of the Town of Half Moon in Saratoga County and a parent of children of school age telephoned this office yesterday relative to the school having been closed for the greater part of the month of September and there being no place where the children of this district are presently being required to attend. According to Mrs. Jesmain she has discussed the matter with you and with the trustee. She states that the trustee advises that he has no immediate plans to hire a teacher and no arrangements are being made to contract with a neighboring district for the instruction of the forty elementary children who should be in school. Our information is that the teacher employed by the trustee was unable to carry a teacher load of forty pupils and maintain discipline. I would appreciate your contacting the trustee immediately and assisting in the necessary steps to reopen the school or arranging for the instruction of the pupils in another district. I understand the academic pupils are presently going to Waterford."

Mr. Winans wrote to Mr. Killough October 7, 1943 regarding the above and stated - "The first teacher employed left at noon September 28th. Arrangements were made October 2 for reopening the school October 4, and school was reopened the 4th. The school did not open until September 18. The teacher was secured thru an advertisement in a newspaper. We took the first one who replied to the "ad." She stayed 7 1/2 days. The present teacher was secured thru an "ad" in the Troy paper. She is a young woman who has a N.Y. State Normal School Certificate. She has had experience in a "hard" one-room rural school. We believe she will be able to "give" the district a good school.

The following was written by Iiah Uber Coons who attended Halfmoon School #3, and whose father was a Trustee of the same School during the years 1910-1915, 1923-1931, inclusive.

Kane's School House was a one-room school house. It had a large coal stove for heat. We had a small library in the school.

There were two out-side toilets, one for boys and one for the girls. The toilet was installed inside during the last of the 20's.

We had to go to the creek or Chauncey West's well to get drinking water each day.

We had a place in the hallway to hang up our coats.

We had a half-hour recess in the morning and afternoon every day.

We would walk back and forth to school, and go home every noon 12-1 P.M., for our lunch.

My sister and I went to Cohoes to High School and our father paid our tuition; but by the time we graduated in 1931, the children were bused to Waterford with financial aid.
